NEPHROLEPIS SCHOLZELI

(The New Crested Scotti Fern)

Received 14 Awards of Merit

This crested sport of Scotti has proven all that has been claimed for it and it promises to become the most popular crested variety.

The fronds, like in Scotti, stand erect with a graceful arch, forming a plant of ideal shape, and, they never break down, giving the plant a ragged appearance, as is often the case with other plumed ferns. It is a good, quick grower and makes a salable plant in any size from a three inch pot to a large specimen.

It is, without a doubt, the ideal crested fern, and a profitable fern for everybody.

WE OFFER FOR IMMEDIATE DELIVERY, NICE STRONG PLANTS FROM 2-1/4-INCH POTS AT \$3.50 PER DOZEN; \$25.00 PER HUNDRED; \$200.00 PER THOUSAND. 25 SUPPLIED AT HUNDRED RATES; 500 AT THOUSAND RATES. STRONG PLANTS IN 6-INCH POTS AT \$1.00 EACH.
